* The sales price reported is based on a rolling 12-month median instead of monthly activity or year-to-date starting on January 1. This smooths out potential month-over-month swings due to seasonality, a very high or low number of transactions in one month, very high or low sales prices that may occur one month but are not common, or other activity that may not be representative of the overall price trends for the area or market segment. || Some year-over-year percent changes may look extreme due to small sample sizes. These statistics are based upon information secured by the agent from the owner or their representative and reported to the Intermountain MLS (IMLS), a subsidiary of Boise Regional REALTORS® (BRR).
